

JFC - STUDENT WITHDRAWAL FROM SCHOOL/DROPOUTS

The Board recognizes and promotes the importance of obtaining a high school diploma, as a diploma assists students to lead healthy and productive lives after graduation. Those youth who withdraw from school and prepare to face life with less than a high school education will have a much more difficult time entering the workforce or pursuing other goals. Therefore, the Board strongly urges every teacher, guidance counselor, principal, parent and citizen to exert all the influence that he or she can command to keep all District students in school through high school graduation.

Principals and guidance counselors are expected to make dropout prevention a priority through personal contacts with students and specialized programs. The goal is to enable those students who are considering dropping out or have dropped out of school to return to school.
